March 2, 2026 Steward Update

Dear Stewards,

1. NEW: Newfoundland and Labrador Expansion effective June 1, 2026: On February 26th, 2026, the NL Multi-Materials Stewardship Board and the Minister of Environment, Conservation and Climate Change amended the EPR regulation. This update will expand the list of obligated effective June 1, 2026. The expansion will include floor standing multifunction devices, e-toys, IT equipment, e-bikes/scooters, handheld power tools and textile machines.

Given the amendment was just announced, EPRA will provide an update next week with additional information including Steward fees/eco fees, product examples and new reporting categories.

2. NEW: Saskatchewan Expansion ANTICIPATED for June 1, 2026: As communicated October 2025, The Minister of the Environment in Saskatchewan announced new **Electronic Equipment Stewardship Program Regulations**.

SK is expanding the list of regulated products. This expansion includes small appliances, cell phones, power tools and outdoor power equipment. The SK expansion is anticipated to take effect June 1, 2026. EPRA will send a notice next week to communicate updates.

3. NEW: Display Devices categories, effective June 1, 2026: BC, SK, MB, ON*, QC, NB, NS, PE & NL: Display Devices categories will be updated from the current structure of three reporting categories to four reporting categories. This update will result in the following reporting categories: ≤ 29”, 30-45", 46”-64” & ≥ 65".

For more information on the June 1, 2026 update including recycling fees for the new 46”-64” & ≥ 65" Display Device categories please click here.

**ON, the June 1, 2026, updated categories can be found in REportALL under Resources*

4. NEW: Steward fee/eco fee update: Ontario effective June 1, 2026: A review of EPRA Steward fees (eco fees) has taken place. **The updated rates are effective June 1, 2026**.

**Note, the Ontario fee update is only applicable to those companies that have elected to use the recycling fee per unit with EPRA Ontario. The June 1, 2026, updated Ontario rates can be found in REportALL under Resources. Questions regarding the Ontario fee update or program, please contact us at 1-888-564-4727.*

March 2, 2026 Steward Update

5. Québec 2025 Recovery and Reclamation - Step 3 due March 15th, 2026: All organizations who collect, reuse, refurbish, process and/or recycle regulated electronics from Québec via their own company-run activities are impacted under the regulation. Details on the 2025 Québec Recovery & Reclamation regulatory obligations were emailed to Québec Stewards July 24th, 2025. Further info is available via the EPRA reporting system including the Appendix 1 template and instructions.

Step 3A due March 15th, 2026: Submission of 2025 data via the completed Appendix 1 template and;

Step 3B due March 15th, 2026: Audit letter, where applicable is due.

Step 3 info along with any questions should be submitted to EPRA at: stewards@electronicsregistry.ca.

Reminder: As noted in prior communications:

***Step 1**:* All QC Stewards are required to complete Step 1 which was due *October 15th, 2025.* If you have not, please reach out immediately to EPRA at **stewards@electronicsregistry.ca**. *All organizations who indicated "yes" to Step 1 are required to submit further steps.*

***Step 2**: Detailed descriptions of your organization's electronic waste recovery processes and applicable activities involved in reuse, resale, refurbishing, processing and/or recycling and was due January 31st, 2026.*

Immediate action is required of QC Stewards who have not yet completed the above applicable Steps.

6. New Brunswick regulation update & product expansion January 1, 2026: As announced August 2024, New Brunswick's Department of Environment & Local Government announced amendments to modernize **The Designated Materials Regulation**. Kindly review to see if there are any implications to your organization.

NB expanded the list of regulated products effective January 1, 2026. This expansion includes small appliances, microwaves and floor-standing printers/copiers.

If you require further information or have any questions, please call 1-888-567-4535 or email **rep@epra.ca**.

Best Regards,

EPRA Steward Services

HOME AUDIO/VIDEO PLAYBACK/RECORDING SYSTEMS AND/OR HOME THEATRE IN A BOX CONT'D

PROVINCE	BC	YT	NT	ARMA**	SK	MB	ONT*	QC	NB	NS	PE	NL
STEWARD FEE	$3.50	$2.20	-	-	$1.25	$1.25	-	$3.75	$3.75	$2.25	$2.25	$3.75
Home theatre image, audio and video equipment sold as a package/bundle with a single point-of-sale SKU supplied from one OEM. Includes: • Peripheral audio devices. • Audio and video equipment sold as a package/bundle that is used in residential and non-residential locations. • Amplifiers • Disc players • Speakers • Sub-woofers and all associated cables, etc.	✓	✓		-	✓	✓	-	✓	✓	✓	✓	✓

Product Definitions:
Home and/or non-portable devices that can transmit, record and/or playback an image, audio or video using a variety of technologies including mechanical, optical and digital technologies.
Home and/or non-portable peripheral audio devices that enable playback as well as home/non commercial video gaming equipment (TV or Screen required) in QC.
Multiple speakers supplied in a single OEM package and sold under a single SKU are subject to a single Steward fee.
Multiple security cameras supplied in a single OEM package and sold under a single SKU are subject to a single Steward fee.
Home Theatre in a Box:
Bundled combinations of devices that can transmit, record and/or playback an image, audio or video using a variety of technologies.
Bundled combinations must be supplied from one OEM and sold under one SKU as a complete system intended to provide an “in-home” theatre experience

Lighted magnifiers	✓			-			-					
Soldering iron for crafts	✓			-			-					
Glue guns	✓			-			-					

Product Definitions:
• Only the products listed above had been approved by the program formerly known as CESA as designated to be very small items.
• No other exceptions can be made unless approved. The above items have an average weight that is significantly lower (< 250 grams) than the products included in CESA's other categories. Therefore, applicable fees reflect the smaller nature of these items. Though they are exempt from their natural categories, they are not exempt from the BC program.
**Alberta: the ARMA program has updates effective April 1, 2025 for more info click here: https://www.albertarecycling.ca/wp-content/uploads/2023/03/Electronic-Products-Definitions-and-Fees-1.pdf

Excluded:
• Appliances not powered by conventional electricity or batteries (e.g. solar-powered)

NOTES:

1. Products included/excluded are examples based upon member inquiries but do not represent an exhaustive list of all obligated products by category. Stewards must assess products against the definitions of each obligated product category to determine the applicability and appropriate Steward fee, and may consult the program for assistance in clarification where required.

2. Products identified as “Included in the Obligated Category” are subject to the Steward fee for that category; Products identified as “Not Included in the Obligated Category are not subject to the Steward fee for that category, however, members must consider all obligated product categories to determine if the product meets the definition of another obligated product category.

3. A product is excluded from any category if it weighs >200kg, is professionally installed, or cannot readily and safely be de-installed, transported and/or recycled (BC, YT, SK, MB, QC, NB, NS, PE, NL, & ON*).

4. A product is excluded from any category if it has been implanted in a person, if it is surgically invasive or is inserted into a patient's body, if it requires decontamination prior to recycling, or if it has come into contact with blood or other biological contaminants prior to end-of-life (BC only).

5. There are two instances where multiple obligated products may be packaged by the original equipment manufacturer (OEM) in a single physical package carrying a single SKU (stock-keeping unit) and be subject to one Steward fee for the entire package of products:

a) Where the product definition above specifically includes multiple obligated products, or

b) Where a product is comprised of different functional components that are sometimes sold separately, but in this case are integrated into a single operating unit.

In this instance, the integrated product carries the single highest Steward fee. Examples include:

Phase I

- Display device with integrated video player (DVD, VCR, Blu-ray, etc.)
- Printer/Scanner/Fax (all-in-ones)

Phase II

• Multiple drive players integrated into a single device –e.g. DVD & VCR player

• Fax machine with a corded telephone handset

• Telephone with built-in answering machine

• Security display monitor with built-in digital video recorder (DVR)

6. Floor-standing equipment should only include equipment which is integrated, and which cannot easily be broken down by the end-user for recycling (e.g. a mainframe). Floor-standing equipment is not considered one unit under the program if the equipment is comprised of easily-removable subcomponents. If the latter is the case, the rack or frame containing the equipment is excluded and the individual sub-components are covered in categories above as individual/multiple units.

7. Electronic Toys are defined as a plaything placed on the market that uses a cable/plug, batteries, of any type, or other untethered mechanism, to provide power to operate a feature function.

8. The list of Product Definitions and Clarifications may be revised periodically by the Program.

9. *EPRA Ontario Producers may find additional information on the Ontario regulation, including examples of obligated products, via the REportALL system.

10. Alberta's end-of-life electronics recycling program is operated by the Alberta Recycling Management Authority. The ARMA program has updates effective April 1, 2025 for more info, click here: https://www.albertarecycling.ca/wp-content/uploads/2023/03/Electronic-Products-Definitions-and-Fees-1.pdf

11. Northwest Territories end-of-life electronics recycling program is operated by The Government of the Northwest Territories (GNWT).

12. *Canadian Electrical Stewardship Association (CESA) in BC amalgamated with EPRA effective October 1, 2024. Products previously managed by CESA are now **reported via the EPRA portal** effective February 2025 for products put on market from January 2025 and onwards. Should your organization have obligation for BC small appliances and/or power tools and you are not yet **registered with EPRA BC**, kindly ensure this compliance requirement is completed immediately. Questions: Please contact us at 1-888-567-4535 or rep@epra.ca*
